

The illustration area shows a yellow chick on the left. To its right is a broken eggshell. Below the chick are several colored dots: a red dot, a blue dot, a yellow dot, a green dot, a grey dot, and an orange dot. The chick is positioned as if it is about to hatch from the eggshell.

A vertical column of six numbered steps showing the process of an egg hatching:

1. A whole egg.
2. The egg is cracked open.
3. The egg is further cracked open.
4. The egg is almost fully cracked open.
5. The egg is almost fully cracked open.
6. The egg is almost fully cracked open.

A vertical column of six empty circles, each preceded by an equals sign, for a matching exercise:
